

January 6- Look at the moral decline of our nation over the past 35 years. Abortion is the foundation upon which a violent nation has been built. When a baby in the womb can be killed so easily it leads to disrespect for all life. Violence breeds violence.

January 13- From our vantage point in the year 2008, we can now see that the twentieth century was a time of tremendous contrasts. The century ended with millions liberated from enslavement to communism and other ideologies of terror that marked the last 100 years. Yet the 20th century was among the most barbaric periods in human history because millions of babies were slaughtered from decriminalized abortion.

January 20- If you were born after abortion was decriminalized on January 22, 1973, you are a living survivor of the American Holocaust. Thank God your mother chose life. Now it's your turn to help expectant mothers to choose life for their baby.

January 27- Back in the 70's those of us who were in the pro-life movement warned that euthanasia would follow abortion. We were laughed at and called radicals; no one is laughing now. The culture of death is infiltrating our hospitals and nursing homes, i.e Terri Schiavo. Pray and work to stop euthanasia while you still can.

February 3- One of the mantras of the pro-aborts is "stay out of the privacy of my bedroom", while all the time practicing the most barbaric form of home invasion, that is, the killing of babies in the privacy of the womb in which the baby lives.

February 10- What leads to the loss of freedom? God created us with free will and intellect; they are meant to be used. You lose your freedom by abusing your freedom. Freedom has to operate within the circumference of the good. Through every abortion we lose a little bit more of our freedom.

February 17- For those who say the pro-life movement is old news or one issue think about this: 4000 times a day a new baby dies from surgical abortion, another mother is wounded. It is always a fresh argument, a new problem, 4000 new tragedies every day.

February 24- We can be tolerant of many things; however we must not tolerate evil. To tolerate evil is permissiveness. We live in a permissive society in which the evil of abortion runs rampant throughout the nation. Tolerant? Yes. Permissive? No.

March 2- Abortion is not a question of what a woman does with her own body. It's a question of what she and her doctor do to the entirely separate, unique human being who is developing inside her body. The right thing to do is to allow the baby to be born in order to fulfill God's plan for the parents and the baby.

March 9- There are many homeless people in this country; however, there exists no industry dedicated to making people homeless. Yet there is an industry dedicated to

killing babies for profit; it's called 'Abortion on demand', 'Planned Parenthood', 'Pro-choice'. This barbaric, inhumane, socially destructive process must cease.

March 16-The pro-abortion crowd says that legalized abortion empowers women and that it should be "safe, legal, and rare." It is none of these. Over 40,000 chemical and surgical abortions a day is not rare; it's the leading cause of death in America.

March 23-Pray for those who suffer from the effects of abortion: for the mothers, the fathers, family and friends; that God might wipe the tears from their eyes and heal their broken hearts.

March 30-These things are promoted by the pro-death politicians: Abortion, buggery, contraception, divorce, euthanasia, feminism of the radical type, and genetic experimentation and mutilation. The continuance in public office of such politicians can be a danger to our survival as a nation. We must vote pro-life.

April 6-We must remember that violence breeds violence. When we, as a nation, tolerate unjust attacks upon the tiniest innocents among us by abortion we accustom ourselves to violence. And so we have allowed these barbaric practices to corrupt our laws, our medical practice, and even our ordinary lives....the inhumanity of abortion affects the lives of all of us.

April 13-Having sown the seeds of abortion we now reap a harvest of despair; this appears in every area of our culture causing the death of 4000 babies by surgical abortion every day. Let us, as the people of God, call upon the Holy Spirit for the wisdom and courage to cease this barbaric practice of abortion.

April 20-The Nazis were responsible for the deaths of 50 million people as a result of their quest for world domination. Since 1973 the US has killed 50 million innocent babies by surgical abortion. Through chemical abortions the death toll increases another 14 million babies per year. Are we any better than they?

April 27- Back alley abortions have become what is now called "Choice". It's still a dark alley down which helpless babies are taken and quietly butchered. It's the ultimate child abuse.

May 4-The people who make a difference in our lives are not the ones with the most credentials, the most money, or the most awards. Those who make a difference are the ones who care. We can make a difference by caring for the unborn and their parents. Help stop abortion and euthanasia today.

May 11- Did you know that abortion is responsible for 13% of maternal mortality worldwide? Untold numbers of women are die and are physically injured by abortion. If this was any other surgical procedure with these kinds of results the procedure would be outlawed. Why do we tolerate this?

May 18-Oppose the war on the unborn. No more support for federally funded genocide against the unborn. Stop abortion now-our future as a nation depends on it.

May 25-Would you be "Pro-Choice" if choice meant someone had a right to choose to kill you? It's actually pretty easy to be "pro-choice" as long as you're not the one being chosen to die. Babies have no choice and have no voice in this matter. We must be their voice-speak out for life.

June 1- Do you know someone who is considering abortion? The majority of medical studies world wide now show that abortion increases the risk of getting breast cancer. The baby always dies, the woman runs the risk of post abortion syndrome, and now there is a statistically proven increased risk of breast cancer. There are many good reasons not to abort.

June 8-Some "choices" are better left to God. God is not schizophrenic; He sent the baby to the mother, no matter the circumstances. He would never advocate abortion. Why do we allow it to continue?

June 15-Why should we speak out for the unborn? Because the babies have no legal rights, they can't fight back, no one hears their screams, and abortionists get big bucks for killing them. Like slavery abortion, too, must end. Get involved in pro-life today.

June 22- Life begins at conception and often ends at Planned Parenthood. Abortion: It's a wrong, not a right and it's always the wrong "choice".

June 29- Abortion doesn't keep a woman from being a mom-it just means she's the mother of a dead baby. Adoption is a choice the mother and the baby can live with.

July 6- Our country has lost its faith and moral compass and as a result we are killing 4000 babies a day. George Washington once said. "Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports." Let's get back to the principles of our founding fathers.

July 13- Christians: The blood of Christ paid for our sins; the blood of patriots paid for our freedom; the blood of the unborn is paying for our apathy. Stop abortion, the future of our nation depends on it.

July 20- Regarding abortion and euthanasia: Unless liberty is devoted to the defense of life, neither life nor liberty can survive.

July 27-How long does an abortion take? From a few minutes to a few days; however the memory of the abortion lasts a lifetime. Pray for all who have had an abortion.

August 3- A baby in the womb has but one voice-yours. Speak up for the unborn.

August 10-Years ago, we were told that abortion was a cure for child abuse, domestic violence, poverty, divorce, and almost every other social problem we had. Somehow, killing our babies was going to set us free and guarantee our equality. All these issues have become worse; how many babies have to die before we realize this plan is evil and can't work?

August 17-We pray for God to bless America and one way He answers our prayers is by sending us new life: babies. Then, as a nation, we reject His gifts through the act of decriminalized abortion. Let us pray for God's forgiveness and the end of abortion.

August 24- You decide: Pro-choice or Christian? No, you can't be both!

August 31- Is abortion terrorism? It all depends on which end of the knife you're on. Watch "The Silent Scream" and see the terror the baby goes through during an abortion. Then work to end this attack on our future, our children.

September 7-Pray for all who have grown very old: that we might cherish their wisdom, give thanks for their presence, and remind them daily of how much we love them.

September 14-There is little security in this country; little job security, personal security, or national security. There can be no security out there until a baby has security in his/her own mother's womb. The killing must stop.

September 21-Abortion: Call it "choice" or call it murder-you certainly can't call it health care. Of the 4000+ surgical abortions performed in America every day, almost every one is done for non-medical reasons on perfectly healthy babies. The baby always dies and the mother often leaves with physical, mental, or spiritual injuries.

September 28-If abortion is the answer, it must be a really stupid question. Killing of the innocent is never an answer to a problem. Bring the baby to full term; adoption is the caring option.

October 5-Abortion is not controversial; decent people are clearly against it. How can one actually say the killing of an unborn child is controversial? It's wrong and it's as simple as that.

October 12-Back alley abortions versus abortion clinics (abortion mills), it makes no difference what it's called. Either way the mother suffers the pain of abortion and often post abortion syndrome. The final result is that 2 humans go in and only 1 comes out alive. Pray for those who have had an abortion that they will find God's forgiveness and love.

October 19-If society does not protect it's most helpless smallest member, the baby in the womb, from death by abortion then who will it protect? They are now coming for the elderly and infirm. Do something to stop the killing while you still can. Join pro-life today.

October 26- There are five non-negotiable issues for all Christians. No matter where a political candidate stands on other issues, we cannot support one who supports any of the following intrinsic evils: abortion, euthanasia, embryonic stem cell research, human cloning, and homosexual unions.

November 2- As you read this, more people are being killed in the womb than on every battlefield in the world. Over 40,000 babies die every day in America due to chemical and surgical abortions. That's 1666 babies every hour, that's over 27 babies per minute each and every day in America.

November 9-Breakthrough ovulation means a woman's ovary releases an egg even though she's on "the Pill". It's estimated that breakthrough ovulations leads to pregnancy so often that fourteen million tiny babies are killed by early abortion each year.

November 16-If indeed 87% of the US claims to be "People of Faith", why are there only a handful of dedicated and committed prayer warriors at the abortion mills? Are we too busy or too tired, or don't we know where the abortions mills are? Put your light on the lamp stand; go to an abortion mill and pray to save life.

November 23- Recently there was testimony of a young feminist who stated that she could not have an abortion, nor would her friends do so. Why: Because they had seen the sonograms and the images of the baby in the womb. The sonogram is a strong weapon in our fight to save the unborn. It should be mandatory for all expectant mothers to view their sonogram to see the life within.

November 30- God created each and every one of us; God doesn't create junk! Then why do we allow God's creations, His unborn babies, to be discarded as if they were junk? We must respect God's great gift of life. End abortion now.

December 7-All civilized societies restrict individual freedoms when that choice would harm an innocent person. If one would emphasize a rapist's right to choose to rape it would completely ignore the rights of the victim. By allowing a woman to choose an abortion we are completely ignoring the rights of the baby. Some "choices" are wrong.

December 14-Between 1900 and 1953 over 1,000,000 Americans had died in car crashes, nearly double the combined American deaths in both world wars. Yet in a single year over 1,400,000 babies die from decriminalized surgical abortion. The loss of life is always a tragedy; more so when abortion deaths are preventable

December 21- Regarding working in the pro-life movement: God is not so much interested in our ability as much as in our availability to Him. Surrender to God's will, join pro-life today.

December 28-In 1960, 1 in 16 women developed breast cancer; today it is nearly 1 in 8. There can be many factors bringing on breast cancer. Many reports in the US indicate a link between abortion and breast cancer. We must encourage women not to abort, not only for the life of the baby but also for the health of the mother.
